MiBOXER® | **Mi·Light**
Subordinate New Brand
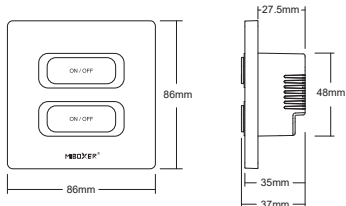

2 GANG Smart switch (2.4G)

Model No.: ESR2

Product Feature

- 2 Gang smart panel switch can turn on /off light or other electrical equipments.
- Built-in human presence senor, the indictor will light up automatically while defecting human activities
- Dim brightness of indicator
- Supports "Tuya Smart" app control (2.4GHz gateway is needed)
- Support Alexa, Google Assistant, Yandex Alice (2.4GHz gateway is needed)

Product Parameter

Product Name：	2 GANG Smart switch (2.4G)	IP Rate：	IP20
Model No.:	ESR2	Working Temperature：	-10~40 ℃
Input voltage:	100V~240V~ 50/ 60Hz	EMC Standards (EMC)：	ETSI EN301 489-1 v 2.2.3 ETSI EN 301 489-3 v 2.3.2
Output voltage:	100V~240V~		
Output Current:	10A/ Channel	Safety Standard（LVD)：	EN 61347-2-11: 2001+A1: 2019 EN 61347-1: 2015+A1:2021 EN 62493: 2015+A1:2022
Total Output:	Max 20A		
RF：	2.4GHz	Radio equipment（RED)：	ETSI EN 300 400 V2.2.1
Control Distance：	30m	Certification：	CE、EMC、LVD、RED

Indication

2 GANG Switch Short press to "ON/OFF" the light

Human Presence sensor
The indicator on the panel will light up once detecting human and it will receover previous brightness once human is out of detecting range.
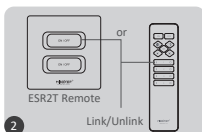

• While 2 zone are in OFF status: Long press "ON/OFF" to change the brightness of bias light, releasing your finger to confirm bightness.
• Long press ON/OFF everytime to change the direction of brightness dimmable (incremental or decrease)

Link/Unlink

Link

① Long press "ON/OFF" in 2 zones 3 seconds at the same time for remote linking

② Short press " ON/OFF " 6 times within 3 seconds
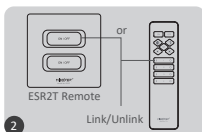

③ link is done once light flashes 3 times slowly

⚠️ Link is failed if light doesn't flash, please repeat above steps
（Attention: can not link again if remote already finished linking）

Unlink:

① Long press "ON/OFF" in 2 zones 3 seconds at the same time for remote linking

② Short press " ON/OFF " 10 times within 3 seconds

③ link is done once light flashes 10 times quickly

⚠️ Unlink is faild if light doesn't flash, please repeat above steps
（Attention: no need to unlink if the light never be linked）
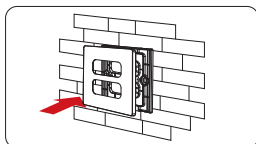

Compatible Remote (purchase separately)

Installation Diagram

Wiring the cable, Fix the controller
base on the bottom case with screw.

Put back the cover

Attention

1.Please ensure that voltage, N and L are correct connection, it will damage the light with wrong wiring

2.Please turn off mains before wiring cable and ensure that connection don't have any problem like short circuit

3.Don't disassemble it if you are not expert

4.Don't use it near magnetic or metal area, it will affect signal and reduce distance.
